Driver Safe & Secure Awareness Program

To ensure that the Tourism Industry Stakeholders are all well equipped to meet the health & safety protocols for Drivers and Assistants we have arranged several Awareness Programmes.

These include face to face workshops, webinars, videos to reach nearly 2000 Tourist Drivers and assistants registered directly or through associations with SLTDA.

This is not a safe & secure certification but an awareness programme to enhance their knowledge when functioning under COVID-19.

Sri Lanka Tourism has done sessions for:

1. Chauffeur Guide
2. Lanka Tourist Driver and Assistant Association
3. National Tourist Drivers Association (NTDA)
4. Sri Lanka Institute of National Tourist Guide Lectures (SLINTGL)
5. Sri Lanka Tourist Transport and Employees Association and Sri Lanka Tourist Bus Owner's Association

Several awareness videos ranging from 1-2 hours have been made in this regard. One of which is below:

https://drive.google.com/file/d/1w8KA14_RrmwtI76PkYAN17NXdFDxfEBx/view?usp=sharing

The participants are assessed and then a certification is issued that they attended a 'COVID-19 Tourism Operational Guideline Awareness Training Programme'.

To-date we have received evaluation forms from 171 who obtained Awareness knowledge and the SLTDA after completing the evaluations will issue a letter to them confirming the same. Out of these for the SLTDA registered drivers and assistants we hope to issue a participation certificate.

For the remaining service providers, the awareness sessions will be carried out under the supervision of SLTDA.
